

CURRICULUM VITAE

Coming from the Service Industry I learnt to be a dependable and proactive team player who is committed to supporting large-scale processes. I have a strong attention to detail and inclination for problem-solving. To build upon this interest, I have recently graduated from a coding Traineeship as a full stack developer including completing 2 real-world projects successfully to specification using a wide range of programming languages. I have excellent customer service, communication, teamwork and organisation skills and a strong work ethic. I am looking forward to establishing a career in the development field where I can prove myself as an asset.

PERSONAL DETAILS

NAME: Jurijs Fjodorovs

RESIDES: Bradford

TRANSPORT: Full UK driving licence and vehicle

RIGHT TO WORK: Right to work indefinitely within the UK (EU Settled Status)

CODING TRAINEESHIP

IT Career Switch Ltd
Coding Traineeship – Full stack developer
1-year program

During the traineeship I had to demonstrate a very competent level of the following programming languages and technical skills

- HTML5, CSS3, JavaScript
- PHP, SQL, React, jQuery
- Java, Python, C#, Node.js
- Command Line Git, GitHub
- Remote API access

ADDITIONAL TECHNOLOGIES:

- Bootstrap

DEVELOPMENT EXPERIENCE:

Below are the two briefs of development projects I completed with IT Career Switch which can be found in my bio: <https://jfjodorovs.co.uk/>

Portfolio Project #1: “Gazetteer”

The specification was to reply to a website specification for a map-based app to provide information on countries – with a focus on a “mobile-first” development. Preferably using a framework, to then develop HTML, CSS and JavaScript with JQuery modules that use PHP server-based components to source data from third-party APIs (Geonames, OpenWeather). The solution is assessed on its delivery to specification, functionality, and usability.

Portfolio Project #2: “Company Directory”

A more rigorous reply to this specification was required as a user requirements document was needed to be prepared which, when signed off, triggers the release of SQL allowing to develop a “mobile first” application to maintain a company personnel database (MySQL). Sign-off is only achieved upon the student supplying an independently witnessed document providing confirmation of the system’s ability to perform error-free.

CAREER HISTORY:

Jun 2011 – Present

POSITION HELD:

Farmers Boy Ltd

Machine Operator

- Kept machinery well-maintained in line with safety regulations
- Monitored machine function and performance, quickly diagnosing malfunctions to reduce operational downtime
- Set appropriate machinery parameters to deliver exceptional quality standards across high-volume jobs
- Produced QA samples and conducted quality testing
- Attended to needs of teammates for seamless production
- Liaised with engineering team to resolve breakdowns

Nov 2009 – May 2011

Moved to the UK

Assist Recruitment

- I worked through Assist Recruitment working in various factories.

Jul 2007 – Oct 2009

POSITION HELD:

AS Rautakesko

Salesman

- Fostered positive relationships with customers, enhancing loyalty and retention
- Maximised sales revenue through effective upselling and cross-selling of associated products
- Marketed promotions, events and new product launches effectively, growing customer bases and revenue opportunities
- Handled concerns and complaints with care, delivering positive outcomes for continued customer loyalty
- Conducted in-depth client profiling using targeted questioning to identify individualised needs, provide advice and close high-value sales

EDUCATION:

2004 – 2007

Rigas Raina 8 Vakara (Mainas) Vidusskola

GCSE/AS Level Equivalents
